Victory Programs Dinnerfest Red Party

City Winery | Boston | April 25, 2018

For the fourth year in a row, more than 250 Dinnerfest Red Party + Auction attendees set another fundraising record to support the vital health, housing and prevention services provided by Victory Programs. At this year's event, they raised a record-breaking \$140,000, which directly supports the 2,500 who turn to Victory Programs every year for help recovering from substance addiction, overcoming homelessness and managing chronic illness like HIV/AIDS and Hepatitis C. Co-chairs Tiffani Faison, Rochard Gordon and Scott Kearnan connected the event with an abundance of participating restaurants and other contributors that provided more than 100 prizes and silent auction items for the guests to take home.
