

# Volunteering Safely

The safety of our community is of vital importance to Victory Programs. This is why we have developed the following protocols to help keep each other safe during this time.

## Volunteer Waiver

Prior to the start of your first shift, you must complete a waiver and provide proof of vaccination.

## COVID-19 Screening

Complete a COVID-19 Screening form upon arriving onsite for every volunteer shift. This will ensure you will be authorized to be on-site.

## Wash Your Hands

Practice good hand hygiene by washing your hands with soap and water or using alcohol or hand sanitizer before, during, and after your volunteer shift.

## Sick = Stay Home

If you or someone in your household is unwell, please keep everyone safe and stay home.

## Face Coverings Required

Face coverings are required to volunteer. If you do not have a face covering, one will be provided to you.

**Exception for ReVision Urban Farm volunteers:** Face coverings are not required when outside or in the greenhouse. Farm volunteers are only required to wear face coverings when indoors i.e. office, bathroom, etc.
